For the purpose of this rate schedule, a "TERM" is a period of 2,000 hours worked for Dimensional Control Technician, Cost Estimator, Marine Designer, Nuclear Test Technician, and Modeling and Simulation apprentice programs. A "TERM" for Production Planner apprentice program is 1,667 hours worked.

2009 Wage Schedule will be effective 1/5/2009. Rates for 2010 - 2012 are subject to annual review.
